

# 15% discount on driver training with the AA.

**Better drivers help you to get the most out of your commercial motor vehicle fleet.**

We've partnered with AA Driver Training for Fleets & Businesses to offer customers an exclusive opportunity to train their drivers at a special discount of 15%. Driver training keeps your staff and vehicles safer, reducing risk and costs to the business.

It comes with a cost-effective online assessment tool you can use to gauge the level of risk posed by each driver in your business.

## BENEFITS

- 1** Keep your drivers safer on the road, fulfil your duty of care obligations and improve your workplace safety rating.
- 2** Reduce fuel consumption through more economic driving and save on maintenance through less wear and tear.
- 3** Safer driving reduces road accidents, limiting material loss and loss of productivity. It also saves on legal costs and speeding fines.

### PRACTICAL DRIVER ASSESSMENT

A one-hour practical driving assessment, covering the fundamental safety behaviours, complete with a report and recommendations after completion.

### DEFENSIVE DRIVING

A 2.5 hour course designed to highlight the risks involved when driving for work and to provide refresher training on how to stay safe and alert on the roads at all times.

### DEFENSIVE DRIVING PLUS

A one-day course combining classroom learning with vehicle control skills in a purpose built facility. Learn to stay safe in difficult driving situations and have a great day out.
